

Centre Philosophy

At Sandcastles Chatswood 1 we aim to ensure that every child has the ultimate experience each and every day. We strive to nurture and develop children's minds, social skills, and confidence in a safe and stimulating environment. Sandcastles Chatswood is a supportive and nurturing community, which involves the children, their families and our team of engaged and driven educators. We are dedicated in our mission to provide quality, developmental and educational care.

1. We recognise children as competent, capable learners and understand that they should be given the freedom to play, learn, and develop in a stimulating and comfortable space.
2. We actively encourage children to share their ideas as each learning journey is based on their individual strengths, interests, and needs.
3. We celebrate diversity and difference by showing compassion and respect towards the rights of all children in our care.
4. We ensure that the safety and the health of children is supported and promoted at all times.
5. We believe that children see the world in a simpler way and sometimes this is the path that leads to the greatest innovation, reminding us to provide an environment that reflects and challenges children's voice.
6. We maintain qualified, experienced and motivated educators who provide dedication and whom are there to guide, facilitate, and support children's learning and development.
7. We appreciate our families' faith and trust in the integrity of our team and in turn we recognise and value the primary role that family plays in each child's life.
8. Our partnership with the surrounding community is reciprocal and regarded as of high importance.
9. Our team has an infectious, positive attitude which reflects the passion that is always promoted.
10. We uphold our Core Values each and every day as part of our unique calling.
